Report on Municipal Taxation and Expenditure in the Bombay Presidency including Sind for the year 1930-31.

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution No. P./55.

Bombay Castle, 2nd September 1932.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the municipalities and notified areas in the Bombay Presidency for the year 1930-31.

RESOLUTION.

PART I.

SUMMARY.

Number and area.—The number of municipalities in the Bombay Presidency including Sind at the close of the year was 155 as against 154 in the preceding year, the increase being due to the establishment of the Vile Parle municipality in the Bombay Suburban District with effect from the 3rd January 1931. Of these, twenty-nine were municipal boroughs under the Bombay Municipal Boroughs Act XVIII of 1925. The number of Notified Areas, exclusive of those which merely exist for the control of buildings and do not levy taxes, were eight in the Bombay Suburban District, two in the Central Division and five in the Southern Division. Proposals to improve the local administration of the suburban area by the elimination of a number of petty local authorities and their amalgamation into more convenient units were under consideration during the year, and involved the postponement of the plan of converting the Notified Areas at Andheri and Santa Cruz into municipalities. Two of the municipalities, viz., Indapur and Saswad, which were superseded in 1928, continued to be managed by committees of management throughout the year under report. The borough municipality of Surat was superseded under section 219 of the Bombay Municipal Boroughs Acts, 1925, and a committee of management, consisting of 15 persons, was appointed to carry on the municipal administration. The municipality of Borsad was dissolved with effect from the 1st September 1930.

The Kotri Municipality in Sind has been excluded from the review owing to non-receipt of its report, the records being in the custody of the Sessions Court in connection with defalcations in municipal accounts.

2. *Change in the population and boundaries.*—The total population in municipal areas according to the census of 1931 was 3,045,994 as against the estimate of 2,677,272 during the previous year. The increase occurred in Sind and in all the Divisions. In the Northern Division the figure recorded showed a decrease owing to the failure of the borough municipalities of Ahmedabad and Broach to co-operate with Government in carrying out the census work. They have subsequently realised the unwisdom of their action and repaired their error at their own expense. There was no alteration in the boundaries of any of the municipalities, except those of Kalyan in the Northern Division. The boundaries of the newly constituted municipality of Vile Parle were defined during the year under report. The Bombay Suburban Division was abolished with effect from the 1st March 1930 and from that date the Bombay Suburban District has been placed under the charge of the Commissioner, Central Division.

3. *Constitution of municipalities.*—In the Northern Division triennial elections were held in the year under report at Ahmedabad, Umreth, Anand, Borsad, Dakor, Mehemedabad, Kaira, Nadiad and Broach. In the Central Division triennial elections were held during the year under report in the municipalities of Ahmednagar, Bhusawal, Dharangaon, Jalgaon, Dhulia, Nasik, Manmad, Trimbak, Poona Suburban, Lonavla, Jejuri, Baramati, Sirur, Alandi, Vile Parle, Juhu and Bandra.

MO-III Genl H 174—1

In the Southern Division triennial elections were held at Nargund, Navalgund, Matheran, Ratnagiri and Malwan. General elections in some of the towns and borough municipalities were postponed to facilitate the census work. By-elections were held in 10 municipalities.

In Sind the constitution of the municipalities remained unchanged. Triennial elections were held at Karachi, Hala, Tando Allahyar, Nasarpur, Tando Mahomed Khan, Rohri and Jacobabad.

A statement* giving statistics regarding the number of voters who actually exercised their franchise at the municipal elections is appended. In many cases more than 50 per cent. of the voters polled, but public interest in municipal affairs is still far less keen than it ought to be in the interests of healthy administration.

4. *Attendance at municipal meetings.*—The number of meetings held was 4,404 against 4,297 in the previous year. The average attendance of members throughout the Presidency fell from 60·82 in the previous year to 57·43 in the year under review. The number of adjourned meetings was particularly high this year, as several municipalities wasted their time by making a practice of adjourning meetings for political reasons. The Surat municipality adjourned its meetings continously over a long period and refused to transact any business in consequence of party feeling. This failure to discharge their duties was one of the causes which led utimately to their supersession. Instances of failure of members to attend two-thirds of the total number of meetings were common.

5. *Changes in the system of taxation : House-tax.*—There was no important change. The work of revision of the house-tax assessment lists in Bijapur was not completed.

Octroi.—Octroi on kerosene and petrol was newly levied by the Sangamner and Gokak municipalities. The Karad and Navalgund municipalities revised their octroi schedules.

Terminal tax.—Some modifications were made in the terminal tax rules and schedules of the Dhulia, Kumta, Umreth, Broach, Sukkur and Tando Adam municipalities. A terminal tax on petrol and mobile oil was introduced by the Chiplun municipality.

Water rate.—The Ahmednagar municipality imposed a general water rate on shops.

Sanitary cess.—The Trimbak, Panchgani, Islampur, Barsi and Anand municipalities have taken action to revise their schedules of special and general sanitary cesses.

Conveyance tax and tolls.—Savda abolished the levy of wheel tax; Rohri, Panchgani, Trimbak, Karmala, Navalgund, Gokarn, Chiplun, and Thana revised the schedules of wheel tax and road tolls. The questions of abolishing tolls and wheel taxes levied by local bodies and of substituting in their place some form of provincial taxation on vehicles with provision for compensating local bodies for the revenue lost by them were under the consideration of Government during the year. The practical difficulties in the way of this change are at present so great that the proposal has now been abandoned.

Miscellaneous taxes.—A tax on shops, hotels, etc., was introduced in Ahmednagar, Igatpuri, Gokak, Ilkal and Byadgi. Karad and Islampur revised their notice and warrant fees. The Navalgund municipality levied enhanced rates on cattle sales.

6. *Municipal income.*—During the year under report the aggregate gross income of the municipalities fell from Rs. 445 lakhs to 384 lakhs. Deducting receipts under " Extraordinary and Debt " the ordinary income amounted to Rs. 224½ lakhs against Rs. 232½ lakhs in the previous year. There was a general decrease in almost all the principal heads of income. Both under " Rates and taxes " and under " Grants and contributions ", a fall of 3 lakhs occurred in revenue. The decrease was mainly due to trade depression and the fall in prices of commodities.

7. *Octroi and terminal tax receipts.*—Under this head there was a decrease of about Rs. 2,20,000, which is shared by all the Divisions, except Sind, where there was an increase of Rs. 73,000. The decreases were attributed mainly to bad trade and failure of crops.

8. *Taxes on houses and lands.*—The receipts under this head showed an increase of Rs. 50,000. The Central Division alone was responsible for an increase

* Appendix I.

of about Rs. 1,07,000, due mainly to the inclusion of the figures of the municipalities of Vile Parle, Bandra and Kurla (Rs. 69,000). An increase of Rs. 20,000 also occurred in the Southern Division. Sind and Northern Divisions showed decreases of Rs. 29,000 and Rs. 49,000, respectively.

9. *Water rates.*—The receipts under this head showed a decrease of about Rs. 47,000.

10. *Recovery of dues.*—Heavy arrears are still recorded in many municipalities. The total amount of arrears of taxes and dues in all the municipalities of the Presidency, including Sind, at the end of the year 1930-31 amounted to about Rs. 27·52 lakhs, i.e. an increase of about Rs. 5½ lakhs over the figures for the previous year. As usual, delay in issue of bills, an inefficient collecting staff, slack supervision, the personal influences brought to bear on the staff by defaulters, and in consequence reluctance to adopt timely and effective coercive measures were the chief causes of the accumulation of arrears. In some cases the municipal councillors themselves figured amongst the defaulters, and thereby set a very bad example to the other ratepayers. Statements* showing the names of councillors, who were in arrears of the municipal dues on the 31st March 1931, are appended.

In the Northern Division the municipalities of Godhra, Surat, Thana, Kalyan, Bassein, Bhiwandi, Modasa, Anand, Borsad and Nadiad had abnormally large amounts of arrears outstanding at the close of the year. The Godhra municipality in spite of warning has failed to make any effective improvement.

In the Central Division the outstandings at the end of the year amounted to Rs. 6,85,064, more than half of which was on account of house-tax. The arrears at Kurla were serious and the hope that its conversion into a borough municipality would prove an incentive to a better administration was not realised.

In the Southern Division the arrears were heavy in Athni (67·22 per cent.), Gokak (45·87 per cent.), Saundatti-Yellamma (45·08 per cent.), Bail-Hongal (44·87 per cent.), Haveri (60·3 per cent.), Dharwar (47·13 per cent.), Alibag (78·51 per cent.), Matheran (51·73 per cent.), Panvel (47·25 per cent.), Pen (54·30 per cent.), Uran (73·9 per cent.) and Malwan (62·82 per cent.).

In Sind the total outstandings amounted to Rs. 3,73.895 as against Rs. 2,08,000 in the preceding year, the Karachi Municipality alone being responsible for the arrears of more than Rs. 3 lakhs.

11. *Revenue derived from municipal property.*—Under this head there was a total decrease of Rs. 93,000. The Ahmedabad municipality accounted for a decrease of Rs. 1,53,000, which was partly set off by increases elsewhere. The reason for this large decrease in Ahmedabad was that in the previous year the interest on the balances of water and drainage loan funds originally credited to loan funds was credited to general funds on the advice of the auditors. No such amount was credited to the general fund in the year under report.

12. *Grants and contributions for general and special purposes.*—The receipts under this head which consist mainly of grants-in-aid by Government to municipalities for works of public utility, for the entertainment of health officers and sanitary inspectors and for medical and educational purposes, were Rs. 20,28,208 against Rs. 23,59,744 in the previous year. The decrease was mainly due to the fact that the Government grant to certain School Boards was stopped in view of their active participation in the last civil disobedience movement.

13. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 2,24,69,812, Rs. 1,60,63,600 were realised from municipal rates and taxes, compared with Rs. 1,63,36,500 in the preceding year, direct taxation yielding Rs. 98,99,600, or 61·63 per cent., and indirect taxation Rs. 61,64,000, or 38·37 per cent. The corresponding percentages in the previous year were 60·93 and 39·07 per cent., respectively. The average incidence of taxation per head of population decreased from Rs. 6-1-2 to Rs. 5-4-4 and that of income from Rs. 8-10-11 to Rs. 7-6-0.

14. *Working of octroi and terminal tax systems.*—In the Northern Division as in the preceding year, the municipalities of Dholka, Viramgam, Ranpur, Surat, Thana and Bassein continued to levy octroi while seventeen municipalities have imposed terminal tax, and five municipalities, viz., Modasa, Borsad, Dakor, Kapadvanj and Rander, have not adopted either of these systems of taxation.

* Appendix II.

Out of the gross collections of Rs. 4,27,347 from octroi during the year under review a sum of Rs. 1,15,297 was paid out as refunds as against Rs. 1,20,244 in the previous year.

In the Central Division the octroi system was in force in 34 municipalities, while 9 municipalities levied a terminal tax. Karad levied terminal tax as well as octroi. The gross octroi collections amounted to Rs. 14,66,579, the net income being Rs. 13,62,743, the percentage of refunds being 7·07 as against 6·2 in the preceding year. The corresponding amount for the Southern Division was Rs. 5,85,000, of which Rs. 18,000 were refunded. The octroi system was in force in all municipalities, except ten.

In Sind the system of levying a terminal tax remained in force in 15 municipalities.

15. *Expenditure.*—The total expenditure of the municipalities during the year under report was Rs. 3,[illegible],000, as against Rs. 4,61,13,000 in the previous year. Excluding the item of "Extraordinary and Debt" the expenditure amounted to Rs. 232½ lakhs against Rs. 235½ lakhs in the preceding year.

16. *Water supply.*—The total expenditure on water supply decreased by Rs. 2,53,000 mainly under "Capital Outlay", Northern Division and Sind being responsible for decreases of about Rs. 2 lakhs and Rs. 1 lakh respectively. There was some increase in expenditure in the Central and Southern Divisions.

17. *Financial working of water supply installations.*—In the Northern Division the income of the Ahmedabad Municipality from water rate decreased from Rs. 11,08,915 in the previous year to Rs. 11,06,190 in the year under review, of which Rs. 10,13,086 were derived from the direct sale of water and Rs. 93,104 from the general water rate. The expenditure including interest, sinking fund instalments and depreciation charges amounted to Rs. 4,87,395 as against Rs. 4,85,927 in the preceding year. The working of the water supply installation at Surat showed a net profit of Rs. 90,673 as against Rs. 1,05,063 in the preceding year. At Rander, Thana and Bhiwandi the water supply accounts showed a profit, while the Kapadwanj water works made a loss.

In the Central Division the water works at Satara City, Sholapur, Barsi, Dhulia and Nasik were self-supporting, but both (Mehrun and Girna) water works at Jalgaon and the Trimbak and Vita water works were run at a loss. The water works at Nandurbar are nearing completion. The Ahmednagar water works are still far from being self-supporting, and the municipality has not yet taken the steps necessary for gradually liquidating that portion of the capital cost which is treated as a loan and for meeting the interest charges. It has been suggested to the municipality that its income should be augmented by revising its general and special water rates. None of the municipalities in the Bombay Suburban District owns an independent water supply system. The Bandra and Kurla municipalities obtain their water supply from Government at the rate of annas 7 per 1,000 gallons.

In the Southern Division the water works at Bijapur, Dharwar and Alibag worked at a loss. The installations at other places—Hubli, Roha, Matheran, Panvel and Pen—yielded a profit.

In Sind the water supply accounts of the Hyderabad municipality showed a total revenue of Rs. 1,63,000 and an expenditure of Rs. 1,12,000, leaving a balance of Rs. 51,000. In Sukkur the revenue amounted to Rs. 97,000 and the expenditure to Rs. 81,000. A sum of Rs. 27,000 was realised from the direct sale of water.

18. *Drainage.*—The expenditure under this head decreased from Rs. 17,72,000 to Rs. 17,13,000 mainly under "Establishment, repairs, etc."

19. *Conservancy.*—The expenditure under this head amounted to Rs. 2[illegible],000 against Rs. 32,41,000 in the previous year. The expenditure as usual represents :—

(1) cost of construction of new latrines, gutters, etc. ;

(2) cost of new staff employed and increments in pay to staff ;

(3) purchase of motor lorries, dustbins and other requirements.

20. *Road expenditure and appropriation of wheel tax and road tolls for that purpose.*—The expenditure incurred on roads amounted to Rs. 17,70,000 against Rs. 20,46,000 in the previous year. The decrease of Rs. 2,76,000 was shared by Sind and all the Divisions, the Central Division alone being responsible for a decrease of Rs. 2,12,000.

Several municipalities still persist in disregarding the orders of Government that the whole of the proceeds from wheel tax and road tolls after making allowance for the cost of collection and one-third of the expenditure on watering roads should be expended on road repairs and road construction.

In the Northern Division the municipalities of Kapadwanj, Kalyan, Rander, Bassein and Bhiwandi have infringed the rule. The last three municipalities also figured in the previous year's report. The Commissioner, N. D., is requested to take this point up with these municipalities and to report to Government if they persist in disregarding the salutary principle that has been laid down for their guidance. The work which the Ahmedabad Municipality did in the matter of repairing its roads during the year under report was praiseworthy.

In the Central Division the receipts from wheel tax and road tolls amounted to Rs. 2,61,000, while the total expenditure on roads was Rs. 5,70,000. The Ahmednagar, Dhulia, Sindkheda, Shahada, Shirpur, Poona City, Baramati, Talegaon Dabhade and all the municipalities in the Sholapur District, except Karmala, spent more on roads than their income from wheel tax and tolls. Some of the municipalities did not levy wheel tax or toll and met their expenditure on roads from their general revenues. Sangamner, Dharangaon, Erandol, Nandgaon, all the municipalities in the Poona District (except Poona City, Baramati and Talegaon Dabhade), Karad, Panchgani, Satara Suburban, Tasgaon, Wai and Karmala did not observe the rule.

In the Southern Division the municipalities in general have spent more on their roads than the income derived from these sources. Nargund, Byadgi, Guledgud, Bhatkal and Gokarn did not spend fully the income which accrued during the year from the levy of wheel tax and road tolls.

In Sind the Tatta, Hala, Larkana, Sehwan, Bubak and Umerkot municipalities spent less on their roads than their income from wheel and toll taxes.

In Sind and in the Northern Division no progress is reported to have been made by any of the municipalities in prescribing regular lines of streets.

In the Southern Division, Bijapur and Haveri made alignments and prescribed regular lines.

21. *Public Instruction.*—The total expenditure under this head amounted to Rs. 48,38,000 against Rs. 48,93,000 in the preceding year. The largest portion of the decrease occurred in Sind, Karachi alone being responsible for a decrease of about Rs. 94,000. On the other hand the Northern Division showed an increase of about Rs. 1,05,000 which mainly occurred at Ahmedabad, owing to the construction and opening of new school buildings.

22. *Closing balance.*—The year's working resulted in a decrease of Rs. 6,27,000 in the total of closing balances. Sind, the Central and Southern Divisions were responsible for decreases of Rs. 3,53,000, 3,43,000 and 1,40,000, respectively. These decreases were set off by an increase of Rs. 2,09,000 in the Northern Division. The aggregate closing balance of all the municipalities in the Presidency, including Sind amounted to Rs. 92,22,000 against Rs. 98,49,000 in the preceding year. In Sind, the actual balance, excluding deposits, amounted to Rs. 58,47,000, of which Rs. 45,58,000 belong to the Karachi Municipality.

23. *Audit of Accounts.*—The Accountant General's Local Audit Department audited the accounts of all municipalities in the Presidency including Sind during the year under review, with the exception of Bandra in the Bombay Suburban District. The audit notes afford somewhat disquieting reading. As usual the audit brings to notice many serious defects which are taken up with the Municipalities by the Commissioners, who it is expected will in future be in a stronger position owing to the provisions of the Local Audit Act and Rules to insist on thorough remedies and to punish dishonesty or gross negligence.

In the Northern Division malpractices, fraudulent transactions and irregularities in accounts were brought to notice in the Ahmedabad, Kapadvanj and Broach Municipalities. The audit note of the Thana Municipality disclosed laxity of control and slack supervision, leading to the non-recovery of arrears amounting to about Rs. 28,000 from one single individual, to whom a contract was given to collect rents of municipal markets and chawls. The financial condition of the Municipalities of Dholka, Modasa, Ranpur, Prantij, Dhandhuka, Umreth, Kapadvanj, Kaira, Broach, Rander and Bassein was reported to be far from satisfactory and they were asked to take steps to improve their position.

In the Central Division several cases of misappropriation and embezzlement, especially at Yawal, Junnar, Vita and Sholapur, were detected during the year. The audit note on the Yaval Municipality revealed that the affairs of the municipality were in a chaotic condition and that there was an entire absence of supervision. The Collector warned the municipality to improve its administration generally and particularly the collection of taxes. At Sholapur a clerk in the office of the municipality and some nakedars committed misappropriations. There was also slack supervision over the collection of octroi, wheel tax and water rates. A councillor defied the municipal authority in taking sullage water for irrigating his fields by closing the down end of a manhole in the sewer, but the municipality took no action. In the case of the Poona Suburban Municipality, the auditor remarked that various irregularities revealed a very unsatisfactory state of affairs, due mainly to the lack of effective check over the administrative machinery. In his opinion there was every scope for improvement if there be better co-operation among the staff and more effective control over them by the Chief Officer, whose powers should not for this purpose be unnecessarily interfered with by the members.

In the Southern Division the audit objections were much the same as in the previous year, though no serious irregularities were noticed. Delay in the disposal of audit notes occurred in Bijapur, Bagalkot, Chiplun, Malwan and Ratnagiri. In Bijapur the audit notes since 1926-27 are still pending disposal. In Bagalkot the audit notes for the years 1928-29 and 1929-30 were not disposed of, as the members made them a party question. The municipalities of Bhatkal and Gokarn have appointed special committees to go into the question of improving their finances. In Ratnagiri there were occasional evasions of octroi duty through want of effective supervision.

In Sind the following classes of irregularities were noticed in audit :—

(1) Delay in the disposal of audit notes :—The Jacobabad Municipality was the worst offender in this respect.

(2) Inadequacy of action taken on audit notes was particularly marked in the case of the Karachi, Hyderabad, Tatta, Sukkur and Nasarpur Municipalities.

(3) Twelve out of the 26 municipalities were asked to improve their financial condition, but little effort was made in this direction owing to the reluctance of the local bodies to levy fresh taxes or to make economies.

(4) The auditors brought to notice several instances in which the provisions of the Municipal Acts and rules and bye-laws framed thereunder were not observed. The greatest offenders in this respect were the Tatta, Kotri, Ratodero, Mirpurkhas, Tando Muhammad Khan, Sukkur, Larkana, Bubak, Jacobabad, Nasarpur, Matiari and Tando Allahyar Municipalities.

(5) Instances in which interests of rate-payers were neglected occurred in Karachi, Ghotki, Tando Allahyar, Kambar and Sehwan.

24. *Grants for sanitary and town improvement schemes.*—As usual the need of a wholesome and plentiful water supply, efficient drainage, the opening up of congested and insanitary localities, construction of good roads, hygienic schoo

buildings with adequate playgrounds, improved conservancy arrangement, municipal office buildings, dispensary buildings, markets, slaughter-houses etc. is felt almost universally. Government have hitherto, so far as the state of their finances permitted, assisted municipalities towards the attainment of the most and urgent requirements by granting loans and grants-in-aid. The important grants during the year were :—

Municipalty.	Purpose.	Amount of grant-in-aid.
		Rs.
Surat	Drainage	22,680
Poona	Do.	44,954
Nandurbar	Water supply	13,650
Ahmednagar	Do.	14,995
Vita	Do.	8,951
Jalgaon	Do.	6,000
Sholapur	Drainage	7,000
Hyderabad	Water supply	33,880

But the resources of Government are at present limited, and local improvements must depend mainly on the willingness and ability of the local public to pay for them themselves.

PART II.

Remarks regarding the principal Municipalities.

Ahmedabad.—The financial condition of the Ahmedabad Municipality was on the whole satisfactory. The water supply was to some extent improved by the increased storage facilities provided during the year under report. Government desire that the municipality should consider the suggestion of the Collector of Ahmedabad and the Commissioner, Northern Division, regarding the overhauling of the present distribution system. They observe with satisfaction that good progress is being made in improving the surface of streets. The need of further means to solve the traffic problem should receive the attention of the municipality.

Government regret to note that notwithstanding the advice given in the previous report, no appreciable improvement has been made in the system of sewage disposal. It is hoped that the municipality will take early steps to adopt the proper system of sewage disposal. The attitude of the Municipality towards Government during the year left much to be desired.

Surat.—The Surat Municipality was superseded with effect from the 26th February 1931. But for some time before Government were compelled to take this drastic step, the work of the Board owing to dissensions had come to a standstill. During this period the municipal executive could carry out its duties with the greatest difficulty. The year was also one of great trade depression. If therefore no substantial progress was made in any direction, it is satisfactory to find that the heavy arrears of taxes passed on from the previous year did not increase still further and that a fall of about a lakh in receipts was counterbalanced—largely by the postponement of necessary works—by a decrease in expenditure of an equal amount.

Government agree with the view expressed by the Commissioner, Northern Division, that in the present state of municipal finances there is more cause for satisfaction than for regret in the fact that no important improvement schemes were undertaken.

The gratitude of Government and the public was due to those who came forward to serve on the Committee of Management. Under the experienced and efficient leadership of Dewan Bahadur Thakorram Kapilram Mehta, they conducted the city's administration in a most public spirited manner. The municipality has since been restored and Government earnestly hope that greater attention to the collection of arrears and current taxes will place the city's

finances in a more flourishing condition and enable some of its many pressing needs to be attended to.

Poona.—The administration of the Poona City Municipality showed steady progress during the year. There was a small increase of ordinary receipts and a considerable decrease of ordinary expenditure. Little was done to improve the roads but the works in the Town Planning Scheme area are being vigorously executed, a great advance was made in the conversion of the City to the flush system of drainage and there was a considerable expansion of education. It is gratifying that at a time when Government are unfortunately unable to make as large subventions to local authorities as formerly, Poona has been able to find more funds for education and to enlist financial support from private persons. The health of the City was good and an outbreak of cholera was quickly brought under control.

Fault must, however, be found with the continued unwillingness of the Municipality to take effective steps to prevent its arrears of taxes from growing. The facts recorded by the Commissioner show that the Municipal administration is itself to blame and Government do not consider that the explanations given in the report are satisfactory. Complaints about the inadequacy of Government grants cannot have much cogency when the Municipality fails to avail itself of the resources which are within its reach.

Government note with regret that the Board adjourned several meetings without disposing of business on purely political grounds.

Hyderabad.—The administration of the Municipality particularly in matters relating to public health appeared to be energetic and enlightened.

An unsatisfactory feature of the report was thetendency of the Municipality to adjourn meetings from political motives. Another unsatisfactory feature was that the Municipality continued to live on its capital. This trenching on capital resources, producing as it does a diminishing return from interest and other sources, is likely to be progressive and the time is not far distant when a property tax will become inevitable. In view of the numerous important requirements of the city, Government consider that the sooner a house tax is imposed the sooner will the Hyderabad Municipality be able to meet adequately all its responsibilities and opportunities.

Karachi.—The Administration Report of the Karachi Municipality is an exceedingly interesting one and indicates the careful consideration which every detail of the Municipal Administration is receiving. Government endorse the favourable remarks of the Commissioner and congratulate particularly the President, Mr. Jamshed Mehta, the Chief Officer and the Health Officer on a year of uniform progress.

As regards the financial position of the Municipality Government note with satisfaction the good provision made for depreciation in all branches. The fall in the accumulated municipal funds, which are still very substantial, is due to the policy of temporarily financing capital works without fresh loans, and in present circumstances Government consider this policy justified.

They note with special satisfaction the improved vital statistics for the year. These may be to some extent due to the absence of epidemics, but must be also attributed to the exertions of the Municipality and its staff particularly in the direction of improved housing. The improvement of the housing conditions of the working classes in Karachi is a matter to which Government attach paramount importance. Government also observe with pleasure that close consideration is being given to the improvement of the city's water supply.

In conclusion Government would quote the following remarks of the Collector :—

> "Great credit is due to the Municipality for its excellent sanitary arrangements, public lighting, the conditions of roads, gardens and parks which are maintained in an up-to-date state in spite of the rainless nature of the country. The encouragement given by the Municipality to educational institutions, libraries and reading rooms, recreation and playgrounds and above all to the great co-operative housing societies, which have made wonderful progress, has produced results, which any municipality could be proud of."

PART III.

25. *General Remarks.*—The most unsatisfactory feature of the year was the growing tendency exhibited by many Municipalities to go outside the sphere assigned to them in the Municipal Acts and to allow their administration of local affairs to be warped by political considerations. By passing resolutions regarding political matters, by adjourning their meetings to mark sympathy with the leaders of the civil disobedience movement or their disapprobation of measures taken by Government, by publicly exhibiting congress emblems, and by other gestures of hostility to Government, many municipalities were foolish enough to subordinate their practical duties as bodies responsible only for local civil administration to outside considerations and commit themselves to actions which must alienate the sympathy not only of Government but of large classes for whose health and welfare they are directly responsible. A reference has already been made to the refusal of 4 municipalities in the Northern Division to co-operate with Government in taking the decennial census, an act of unwisdom of which the consequences have fallen primarily on themselves. The mismanagement of primary education by the Broach and Ahmedabad municipalities, who caused the studies of the school children and the work of the teaching staff to be constantly interrupted by requiring them to take part in objectionable political demonstrations led to the withdrawal in both cases of their educational grants from Government. Government have exercised great patience in this matter, but they have made their policy abundantly clear, and they expect municipalities to observe it in future.

Apart from this regrettable tendency, which has in most municipalities been less in evidence since the end of the year under review, it is difficult to contemplate the year's record with much satisfaction. The spirit of faction and communal tension was as rife as ever in many places, and at Surat led to the complete break-down of the Municipal administration. Financial depression clouded the horizon, and resulted in a fall in revenue which was not counterbalanced by adequate retrenchment or fresh taxation. At the same time there was a grave increase in the amount of unrecovered arrears of taxes. The year generally was not marked by any substantial progress except in a few towns where one or two public-spirited individuals in positions of responsibility were able to inspire their fellow councillors with their own enthusiasm. It is satisfactory to note that at Sholapur where serious disturbances occurred in May and where the President of the Municipality (Mr. M. R. Shah) was one of those sentenced by the martial law tribunal, the Municipality, under the wise guidance of Mr. J. S. Jasavala, Vice-President, succeeded admirably in maintaining its services. The reports of the Examiner of Local Fund Accounts, disclosing as they do far too many instances of failure to rectify faults brought to notice in previous audits, of slackness in recovery of arrears, of disregard of the provisions of Acts, rules, and bylaws, and of irregular expenditure, make melancholy reading and do not indicate that any real progress is taking place.

Government regret that on the threshold of a further stage in the reforms, their verdict on Municipal administration generally must be so unfavourable. At the same time they realize that the year under review was one of special difficulty for municipalities, and that on the whole and in spite of faults, the municipalities succeeded in carrying out their duties without serious public complaint. They recognise that since the end of the period, to which this review relates, there has been some improvement in the tone of Municipal administration and they have noted with pleasure a number of instances in which the Commissioners have commended the administration of individual councils. As public interest in this important branch of the administration grows, they believe that municipalities will gradually respond more effectively to the demands that are being made on them for a constantly higher standard of public service, and they consider that in the long run a real and general improvement must come as the result of an insistent demand for it from below rather than of pressure from above.

By order of the Government of Bombay
(Transferred Departments),

R. B. EWBANK,
Secretary to Government.

G. R. No. 1755, G. D., dated the 2nd September 1932.

Correction Slips for the Statement to be attached to the Annual Report on Municipal Taxation and Expenditure in the Bombay Presidency, 1930-31.

1. Pages 5, 38, 40, 42, 44, 68, 70 and 72—

Insert the following entry after serial number 132, in columns 2 and 3 of the statement, namely:—

*" 133/Kotri " and alter the subsequent serial numbers from 133 to 154 onwards so as to read the last entry as 155.

2. Pages 5, 38, 40, 42, 44, 68, 70, 72, 96, 98, 100 and 102—

*The figures pertaining to Kotri Municipality have been excluded from the review owing to non-receipt of its report, the records being in the custody of the Sessions Court in connection with defalcations in municipal accounts.

3. Pages 96, 98, 100 and 102—

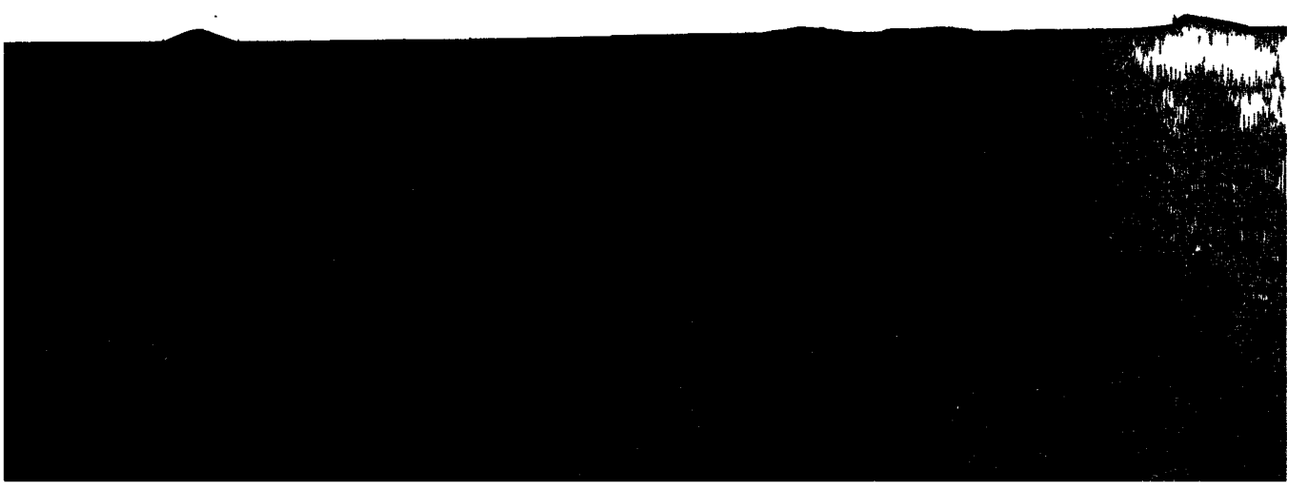
Insert the following fresh entry in columns 2 and 3 of the statement, namely:—

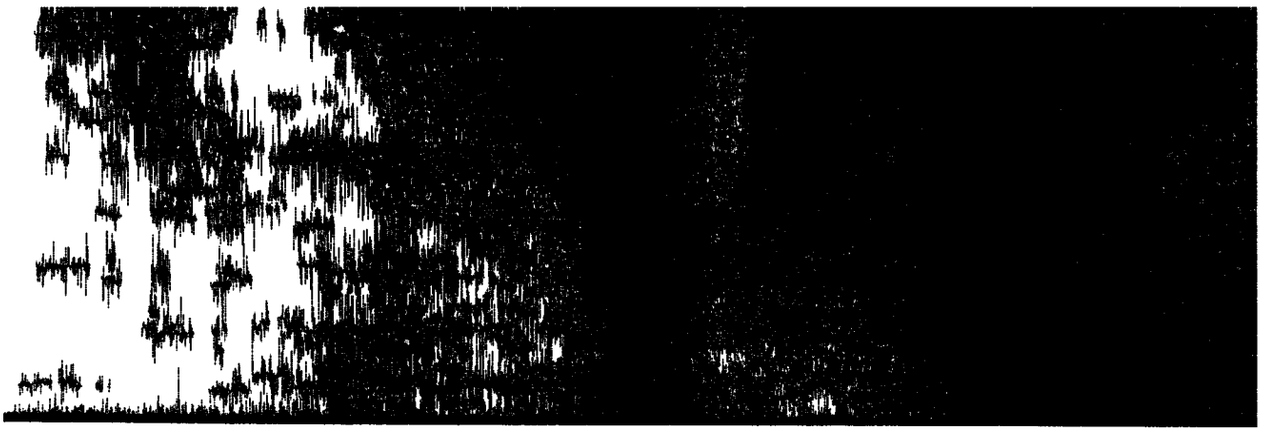
*" 4/Kotri " and alter the subsequent serial numbers from 4 onwards, etc., so as to read the last entry as 26.

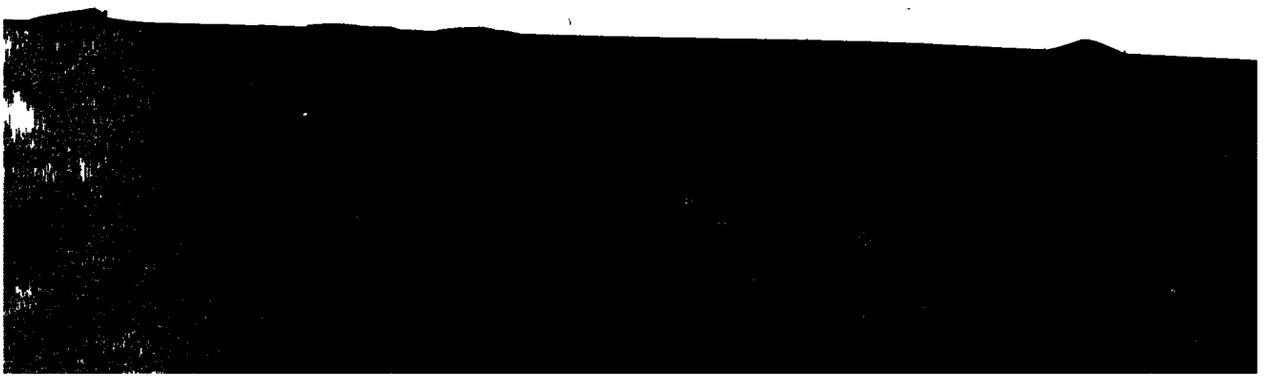
4. Page 45, Column 71 (Grand Total for 1929-30)—

Read " 4,45,24,222 " *for* " 4,54,24,222 ".

Bk H 500







Resolution reviewing the reports on Municipal Taxation and Expenditure in the Bombay Presidency including Sind for the year 1930-31.

* Difference in the last year's closing balance figures is due to certain adjustments made subsequently.

† Last year cheque for Rs. 3,900 was issued. This cheque was not cashed but its amount was shown as expenditure in accounts consequently the balance was shown less by Rs. 3,900. This has now been shown as amount unspent added to the opening balance this year.

*In Statement V submitted by the Ahmednagar Municipality the balance of loan amounting to Rs. 51,229-13-8 has been omitted as the Municipality contends that the various payments made from time to time which have been credited against, accumulated interest should be adjusted against the capital. In Government Resolution, General Department, No. 774, dated 11th March 1931, the outstanding loans have been specifically enumerated by Government.

† Balance shown as per Accountant General's letter.
